TOPLIGHT™

Spacelight

PHOTOMETRICS:

Wide lamps double diffused
with gam spun & gam 10/80.

FinnLight

The 6k par overhead softlight with 5 times the output of a spacelight (50fc vs 10fc @25') wider coverage with much deeper projection. Customizable with two diffusion frames for your desired effect, including ultra soft utilizing thick diffusion. One Toplight can replace 5 spacelights in many applications.
