

TOPBOX LIGHTWEIGHT

Collapsible "Coffin Box"

- Made of non-flammable aluminized Nomex™ and aluminum for safety.
- Collapsible design sets up fast and breaks down flat for easy storage or transport.
- Adjustable border skirt may be partially or fully extended to control directivity.
- Rated (rigging) hardware is integrated into the design. Captive speed pins for ease of assembly.
- Multiple diffusion frames provides customizable soft light from high-powered PAR cans.
- Accommodates up to ten PAR 64 cans for deep penetrating light from greater height.
- Rig from many angles for top, side, or front lighting.

The Topbox™ Lightweight is the practical "Coffin box" solution. Hang it overhead or from any angle to provide soft projected lighting from powerful multiple PAR cans. Designed for safety, this fireproof and sturdy unit will contain and diffuse the powerful light from reliable and economical PAR cans. The captive and rated hardware makes overhead rigging quick, easy, and safe.
